

# SUMIT GABHRANI

COMPUTER ENGINEERING STUDENT • MERN DEVELOPER • WEB DEVELOPER

Ahmedabad, Gujarat, India | +91 90239 25860 / +91 74330 11203 | sumitgabhrani@gmail.com | LinkedIn | GitHub

## PROFESSIONAL SUMMARY

**Computer Engineering student pursuing a lateral-entry B.Tech with a Diploma CGPA of 8.28.** Hands-on exposure to MERN development through internship work, with skills in Java, Python, C/C++, JavaScript, web development, Excel/data support and technical content. Seeking internship and entry-level software opportunities where I can contribute, learn quickly and build practical solutions.

## TECHNICAL SKILLS

**Programming:** Java • Python • C • C++ • JavaScript

**Web:** MongoDB • Express.js • React • Node.js • HTML • CSS

**Emerging Tech:** AI/ML fundamentals • Cloud Computing basics • Cybersecurity basics

**Data & Tools:** Excel data entry • Formatting • Data cleanup • Typing • Documentation

**Communication:** Technical/content writing • English ⇄ Hindi ⇄ Gujarati

## EXPERIENCE

**MERN Stack Intern** | BrainyBeam Technologies Pvt. Ltd. | *15-Day Internship*

- Worked through MongoDB, Express.js, React and Node.js fundamentals with guided project work.
- Applied core web-development concepts in a professional development environment.

**Freelance Developer & Content Writer** | Self-Employed | *2026 – Present*

- Provide selected freelance services across coding, web development, Excel/data support and multilingual translation.
- Create blog, e-commerce and technical content based on client requirements.
- Work with Java, Python, C/C++, JavaScript and web-development requirements within project scope.

## PROJECTS

**Digital Lost-and-Found Portal** | **MERN Stack** | **IN PROGRESS**

- Developing a full-stack concept to organise digital lost-and-found reporting and matching.
- Exploring user reporting, structured item information and a more efficient discovery workflow.
- Current focus: requirements, data modelling and MERN implementation; project is not yet completed or deployed.

**Personal Developer Portfolio** | **HTML** • **CSS** • **JavaScript**

- Designed a responsive personal portfolio with animated UI, 3D-inspired visual elements and recruiter-focused presentation.

## EDUCATION

**B.Tech (Lateral Entry) — AI & Data Analytics / Computer Engineering** | 2nd Year, Ongoing

LDRP Institute of Technology and Research, Gandhinagar

**Diploma in Computer Engineering** | Graduated 2026

Government Polytechnic Ahmedabad (GTU) • CGPA 8.28 • Final Semester SPI 8.78

## ADDITIONAL STRENGTHS

**Languages:** English • Hindi • Gujarati

**Focus:** Problem solving • Practical learning • Clear communication • Full-stack development
